NEWS

## CONSTRUCTION HEATS UP DOWNTOWN

We are currently installing more than 3,000 feet of 12" water line on 5th Street from Farmer Avenue to College Avenue as part of our **Underground Utility Construction and Water-Wastewater Improvements JOC** project for the City of Tempe. [Visit our website for more project information.](#)

## NEW VIDEO HIGHLIGHTS FORCE MAIN PROJECT

Our award-winning **Bell Road Force Main CMAR** project for EPCOR Water was recognized by Water & Wastes Digest as one of their 2017 Top Projects. They produced a video about the project that features Chad Talbot (EPCOR Water Engineering Project Manager), Dan Spitzka (Achen-Gardner Construction Vice President), and Frederick Tack (GHD Senior Civil Engineer). This excellent video highlights the project team's challenges and the planning and hard work that went into the successful completion of the project. [View the video on our website.](#)

## A NEW LOOK FOR OUR UV CIPP TRUCKS

Achen-Gardner Construction is the exclusive installer of **Reline America's Alphaliner** ultraviolet light (UV) cured-in-place pipe (CIPP) liner system in Arizona and New Mexico. Our recently rebranded UV CIPP trucks are on projects throughout Arizona including the **Pima County Wastewater Conveyance System JOC** and the **City of Tempe Sanitary Sewer Collection System Rehabilitation Program CMAR**. [Visit our UV CIPP page on our website for more information and more projects where the UV CIPP method is being used.](#)

## AZ WATER CONFERENCE WRAP UP

Achen-Gardner was a Silver Sponsor and exhibitor at the 91st AZ Water Conference & Exhibition held at the Phoenix Convention Center on May 2-4, 2018. In addition to attending some educational sessions we had a lot of fun at our booth and everyone was excited to pick up our cool giveaways including fun ribbons, notebooks, stress balls, hats, and the very popular selfie-fans. It was great to see so many of our friends and colleagues and we look forward to working with you all in the future.

Achen-Gardner also received a project of the year award in the Wastewater System category for our Pima County **Job Order Master Agreement: Wastewater Conveyance System and Related Facilities Maintenance, Repair, Rehabilitation & Construction Services Project**. It has been a real pleasure working with the Pima County Regional Wastewater Reclamation Department and we are honored to win this and other awards for this project. [Visit our website for more information about the Job Order Master Agreement project.](#)

## EDISON ROAD PROJECT WINS BUILD ARIZONA AWARD

Achen-Gardner received a Build Arizona Award from the Arizona Chapter Associated General Contractors for our City of Maricopa **Edison Road Extension CMAR** project. Members of the project team received the award at the annual dinner and awards ceremony held at the Phoenix Art Museum on April 27.

The Edison Road Extension Project consisted of a new alignment extending Edison Road as a four-lane arterial roadway including curb and gutter, sidewalk, medians, and landscaping beginning at Roosevelt Avenue and continuing to the west and north along the alignment of City owned property. The alignment continues north along the developer owned parcels to State Route 238 and includes a new two-lane arterial roadway and landscaped medians with the capability to easily add the two additional travel lanes as traffic volumes increase. Additional design features accommodate pre-development needs and the ability to serve future built-out access, drainage, and utility requirements. [Visit our website for more project information.](#)
